## YOUR TOWN DUMP

Use it freely

Care for it

Your town dump has been set up for your personal convenience. It provides a suitable place where you can dispose of the large amounts of dangerous, inflammable waste material and other useless items which accumulate around your household and local stores, brush, etc., cut on your property. The town dump has become a valuable and indispensable asset in modern community life.

The most successful town dumps are supervised — regular days provided for their use and inflammable material consistently burned. The town dump which receives no attention, where waste material is scattered about without supervision of any description, soon becomes a community menace and a liability rather than an asset.

Many people still burn debris around their homes. A large number of such fires get out of control causing unnecessary damage and expense to the burner. Why burn at home? Make use of your town dump and eliminate the hazard of burning. It will be easier for you — personally and financially.

If, however, you do burn on your premises

1. Secure a permit from your local forest fire warden — the law requires it.

The warden won't refuse you if conditions are safe.

2. Be sure to properly supervise your burning. Don't leave it.

3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty

Use your dump freely                      Help Keep it safe

ELLERY B. AYER, *Forest Fire Warden*

To the Forest Fire Warden:

The above statement has been prepared because many of you have asked for it. It is intended to inform local residents and to arouse their interest in your problems. A copy has been sent to the Selectmen but it would be well for you to see them and personally request its publication.

## AUDITORS' REPORT

February 12, 1957

We, the undersigned Auditors of the Town of Hen-  
niker, hereby certify that we have examined the books and  
accounts of the Selectmen, Town Clerk, Town Treasurer,  
Collector of Taxes, Agent for Memorial Day Appropria-  
tion, Town Municipal Court, Treasurer of Tucker Free  
Library, Board of Trustees of Trust Funds including Se-  
curities as tabulated in the report, and deposits in Savings  
Banks and National Banks, Collector of Water Rents, and  
Clerk and Treasurer of Water Commissioners, and find  
the same correctly cast and properly vouched.

FORREST W. DOWLIN,  
ALFRED L. FRENCH,  
LESTER E. CONNOR,

Auditors.

## TOWN SEWER SYSTEM

In conformance with the vote taken at the Town  
Meeting in 1956, your Selectmen have established a rate  
of \$2.00 per year, per unit, as a reasonable rent on a basis  
of about 90 connections with the sewer mains, represent-  
ing about 170 units.

In canvassing the town we found only about 76 con-  
nections, representing 125 units.

With these facts in mind it is quite evident the rate  
per unit will have to be increased if the income is to main-  
tain our town sewer system.

# REPORT OF PUBLIC HEALTH AND

## SCHOOL NURSE

Selectmen and Citizens:

My report on Health Services, from January 1, 1956 through December 31, 1956.

### General Visiting Service

2281 Visits made included, bedside care, instructive, prenatal and newborn.

1 Delivery.

89 Dressings done.

16 Patients taken to Drs. offices in town, Hillsboro and Concord.

9 Patients taken to Dentists in Hillsboro and Concord.

2 Patients accompanied to Hospital in ambulance.

3 Patients taken to Nursing Homes.

I have worked 6 to 7 hours each day, the Bloodmobile was at Hillsboro. Much time was spent beforehand, in soliciting donors.

Considerable time has been given, in contacting parents, of children receiving the Salk vaccine. I feel well rewarded for the time and effort put into this.

I hope that more people (teenage and middleage), not yet immunized, will avail themselves, of the chance, (through their family physician), to receive the vaccine. One must start the series, of injections right away, to derive any benefit, before the polio season sets in.

### Annual School Health Service Report

Pupils examined by Dr. Francis Brown, 190  
Findings were as follows:

	Cases	Treated
Eyes (Blepharitis)	1	1
Ears (Wax)	5	3
Lungs (T. B. patch applied)	1 (X-Rayed)	No findings
Heart	1 (X-Rayed)	No findings
Tonsils	2	1
Teeth (dental caries)	41	36
Skin (Exzema Impetigo)	3	3
Orthopedic defects	2 (X-Rayed)	No findings

#### Report of School Nurse

Vision Tests	265
Inspections	265
Heights	262
Weights	262
First Aid	85
Pupils taken from school to their homes ill	32
Follow up and home visits during the year	192

#### Vaccinations and Communicable Diseases

Successfully vaccinated	19
Immunized	19

Result of the Salk Vaccine, will be found in a separate report, by Mrs. Snow R. N. of the State Dept. of Health.

Communicable Diseases:	Cases
Measles	71
Colds Prevalant	

My sincere thanks to every one for the many kindnesses and co-operation.

Respectfully submitted,  
MARY A. MAILLETTE R. N.,  
Public Health and School Nurse.

There have been two teachers added to the high school staff this year. Mr. Dean L. DesRoches is the new Junior High teacher who will also teach the High School music and coach the Junior High basketball team. Mrs. Geraldine S. Gray is the new Home Economics teacher. In the Elementary School, Mrs. Blanche Robinson is the

new third grade teacher replacing Mrs. Ilene Parker who accepted a position in Hillsboro. We were fortunate to have John Quigley as a cadet teacher in the High School during the first semester.

Costs of Education continue to rise with no end in sight. I have been informed by salesmen that school supplies will increase in cost from ten to twenty percent. Teachers' salaries will continue to rise as the shortage of teachers continues all over the country. There has been a slight increase in the number of teachers being trained, but the demand for new teachers has risen rapidly and will continue to rise as more and more children crowd into our schools. This year, as in the past four years, the total number of births has reached a record high.

Young people graduating from the teachers colleges are being sought by Superintendents in this and other states. It is nothing unusual for these young people to have five to ten offers for various positions. Superintendents from the larger cities hire the best prospects in January or February. Superintendents do not really interview teachers any more. The prospective teachers interview the Superintendents and see what they have to offer.

Last year, beginning teachers were accepting positions at salaries ranging from \$3,000-\$3,200. In some special fields, they were asking and getting \$3,500.00 and this coming year, salaries will probably be higher. This situation makes it very difficult for a School Board which has teachers that are experienced and successful who are being paid much less than the beginning teachers receive. If the Board hires a new teacher at more money than the teachers in the system are being paid, the morale of the teachers becomes poor and the whole school system suffers.

The School Board has been making constant improvements on the school buildings. This year, much needed improvements are being made in the Home Making Room. At Christmas vacation, the partition between the cooking and sewing room was removed so that it is one unit now. They hope to install some cabinets and cooking areas. The Public Service Company has agreed to install some new stoves, free of charge. When the work is completed, we should have an efficient Home Making area comparable to what is being installed in new buildings throughout the state.

I should like to pay tribute to School Boards all over the country. It is a thankless job, at best, and today's conditions are certainly not the best. Each year the problems become more difficult and complex. Anyone who has never served on a school board, would find it hard to imagine the difficulties of the task. The problems seem to become greater with each passing year with more things to do and more problems to solve. I have the greatest respect for all the work they have to do in order to promote the best educational possible for your children and mine.

WILLIAM C. STERLING,

Superintendent of Schools

## PRINCIPAL'S REPORT

To the Superintendent of Schools, members of the School Board, and citizens of Henniker:

Once again the school year started with an increased enrollment of 3 over last year. We graduated ten from the Senior Class and enrolled 26 in the 7th. grade. We lost several students through enlistments, disinterested and transfer. Of the graduates 3 went on to higher education, a drop of about 15% over the 3 previous years.

Many of the points of controversy of last year have been resolved. The hour period instigated last year is proving its worth, the so-called standards have been maintained and more and better work is being produced. The new mark that was introduced during the year for students who could not reach minimum standard for one reason or another has proved its value. This past year 17 students were on the D (no numerical value) mark, but through maturity, social and scholastic adjustment, 7 of this group have been removed and are on the regular system. Although many adjustments have been made in the educational part of the school we feel that many capable students are not taking full advantage of all opportunities offered in the school. Many more students are capable and should be taking an extra course. These capable people are future college prospects and it is to their advantage to get as well a rounded high school education as they can. Henniker High School is prepared to offer that type of education.

Changes in the faculty was held to a minimum. Mrs. Evelyn Woollett, who taught Junior English last year, replaced Mr. Robert Deane in Senior High English and U. S. History. Miss Nancy Philbrick in home economics

and biology was replaced by Mrs. Geraldine Gray, a Keene Teachers' College graduate. The vacancy left in Junior High was filled by Mr. Dean DesRoches, of Plymouth Teachers' College. Mr. DesRoches, with a minor in music, is reorganizing our choral music program within the Junior-Senior High School and further, has started a band in grades 6 thru 9.

In the curriculum itself we have split English 9-10 into two groups based on reading and general abilities. The change has proved fruitful and we hope to continue on that basis next year. We have added sociology at the 10th. grade level to strengthen a weak offering. We are attempting sociology this year on a trial basis, but will survey the results to see if a need is fulfilled. Our testing program at the High School level has been completed, and at the moment, students are being granted conferences on the results. It is hoped that parents will also take advantage of finding out more about their children by coming in and going over the results of the tests with us.

The home economics department is in the process of being modernized. Already the room has been enlarged by removing the wall between the small sewing room and the bigger room. It is hoped that four cooking units will be installed to complete the alterations. Electric stoves have been loaned by the Public Service Company of Hillsboro. The gym is now complete with the second row of bleachers added. Shop is now able to offer both acetylene and electric welding with the repair of the electric welding unit by Mr. Kontinos. A start to increasing our research material in the library has been made by the addition of the last 20 years of National Geographic magazines bound in 6 month volumes. A new stainless steel cabinet has been added to the nurse's room. All the second

floor rooms and the hallways were repainted during the summer.

Mr. Baker continued his graduate work at the University of New Hampshire last summer, while your principal took a course in Educational Finance and Business Management.

Before closing, I would like to extend, once again, an invitation to the parents to visit school during the school day to see the school in action. The teachers are always glad to have teachers come in for conferences in the afternoon. Home and school are attempting to accomplish the same thing. The closer the cooperation the better the child.

I would like to express my thanks and gratitude to the Superintendent, the School Board and to the parents of Henniker for their kind cooperation and understanding during the year.

Respectfully submitted,

MAURICE J. BOULANGER,

Principal

The School Lunch Program was in operation from October 1955 through May 1956.

A total of 17,466 lunches were served, as follows: 9,478 meals to children in Grade School, 7,292 meals to High School students and 696 meals to adults. The average number of meals served daily during the time the Lunch Program was in operation this period was 124 meals per day to students and 5 meals per day to adults.

The Lunch Program received \$1,850.50 worth of surplus commodities from the Federal Government at a total cost of \$85.21.

During the year the following equipment was purchased for the kitchen: Vegetable Peeler machine, 20 quart Food Mixer, Table-top Salad Mixer, 20 foot Freezer, 200 stainless steel Serving Trays in addition to miscellaneous bowls and kitchen utensils.

Parents and interested persons are cordially invited to visit the Lunch Program at any time during its operation, and I would gladly discuss any special lunch problem regarding children that may require personal diet adjustments.

I wish to thank the Superintendent, the School Board and the Teachers for their help and cooperation.

Respectfully submitted,

RITA D. JACHE,

Manager
